State of Wisconsin
Department of Health and Social Services

January 30, 1985

To the Honorable, the Senate:

In compliance with Section 1, 46.03(5)(c) of Act 474, the following information is provided for your consideration and review and for referral to the appropriate standing committees. The figures below cover the period from May 18, 1984 through December 31, 1984.

1. One inmate was transferred involuntarily from a prison to a mental health institute under s. 51.20(13)(a)4. His length of stay was 41 days.

Four inmates were transferred to a mental health institute on a voluntary basis. The average length of stay for these four inmates was 41 days.

2. 394 inmates underwent voluntary treatment with psychotropic drugs while residing in correctional facilities (prisons or camps). 80 different inmates underwent voluntary treatment with psychotropic drugs while residing in the Wisconsin Resource Center. This constitutes a total of 474 inmates.

The types of drugs used for voluntary treatment were anti-depressants, anti-psychotics, sedatives and minor tranquilizers.

Two inmates underwent voluntary treatment with psychotropic drugs during their stay in a mental health institute.

Three inmates underwent involuntary treatment with psychotropic drugs during their stay in a mental health institute.

Drugs used for involuntary treatment at the Mental Health Centers were anti-psychotics, i.e., Thorazine, Prolixin, Haldol, and Lithium Carbonate.

3. Mental health services available at Mendota Mental Health Institute, Winnebago Mental Health

JOURNAL OF THE SENATE

Institute and the Wisconsin Resource Center to inmates transferred on both a voluntary and involuntary basis, where appropriate, are as follows: chemotherapy, sheltered workshops, educational assistance, token economy, individual therapy, behaviorally oriented therapy, and group therapies consisting of occupational, recreational, industrial and family oriented approaches.

Mental health services, both psychiatric and psychological, are available at each of the adult male and female institutions. Services available are: chemotherapy on a voluntary outpatient basis, individual and group psychotherapy, social skills training, anger control groups, neuropsychological evaluations and crisis intervention. Inmates who need more intensive mental health services are transferred to either the Wisconsin Resource Center or one of the Institutes.

If you would like any additional information on this matter, please let me know.

Sincerely,
LINDA REIVITZ
Secretary
